*Note: New Association members pay a full year's investment when submitting an application for membership. **The 2nd year's membership investment will be prorated based on the 1st year application date.** For example, a new member application submitted in July must be accompanied by a full year's investment in addition to the 1-time new membership application fee. However, since annual membership investments must be paid each January, the 2nd year's membership investment invoice will only total 1/2 the 1st year annual investment. All subsequent investments will reflect a full 12-month investment rate. Also included are membership fees for both the Texas Apartment Association and the National Apartment Association.*
